Product Details

A 60cm nitrile gauntlet with chemical and food handling certification. Lightweight with great dexterity, this glove is ideal in food handling environments whether it be in contact with food or utilising chemicals. The glove has a cotton Interlock liner so it has a very comfortable fit especially when extended use is required. The cuff is elasticised so it won't fall down the arm when in use. The palm has a granulated finish so ideal when holding wet products as well as providing excellent abrasion resistance. The glove is ergonomically designed for an excellent fit & to reduce hand fatigue.
